## § 64.7

(4) *Flood Disaster Protection Act of 1973 (Pub. L. 93-234)*. Applicants will be required to purchase flood insurance for acquisition or development of insurable improvements located in a flood plain area identified by the Secretary of Housing and Urban Development as an area which has special flood hazards.

(5) *Corps of Engineers Permits Requirements*. For development projects requiring a Corps of Engineers permit under section 10 of the Rivers and Harbors Act of 1899 and/or section 404 of the Federal Water Pollution Control Act of 1972, applicants will include evidence in the application that action has been initiated to obtain such permit.

(6) *Section 7 of the Endangered Species Act of 1973*. The applicant, through the submission of environmental information, and in consultation with the Bureau of Outdoor Recreation Regional Office will indicate any known project conflict with section 7 of the Endangered Species Act of 1973.

(7) *Plans and Maps*. Each application will include copies of State, county, or city maps showing the geographic location of the project and its relation to surrounding land uses including other recreation/conservation resources. Where development is included in the project, a site plan of the proposed improvements will be provided along with a breakdown of the estimated development costs. For the acquisition, the application will include a schedule listing the parcels to be acquired, estimated linear mileage and acreage of each, the estimated value of each parcel and the estimated date of acquisition.

(8) In addition to the narrative required by part IV of the standard application, the following information will be provided:

(i) The type of recreation/conservation activity intended for the project site.

(ii) The time schedule for completing the project and plans for operation and maintenance; and

(iii) A brief discussion of how the project embodies the selection criteria outlined in § 64.8.

(c) *Content of the Proposal by Federal Agencies*. Each proposal should include the following minimum information (preapplication not required):

(1) Identification and description of the property proposed for acquisition.

(2) A statement indicating the recreational and/or conservation use planned for the acquired rights-of-way and the relationship of such use to land now administered by the Federal agency proposing acquisition.

(3) A map showing the location of the property in relation to land now administered by the Federal agency proposing acquisition.

(4) The real property interest proposed for acquisition.

(5) An environmental assessment of the acquisition and subsequent development, if proposed.

(6) A citation of the statutory or other authority under which the land would be acquired and a discussion of how the proposed acquisition is in accord with the authority for acquisition.

(7) The funds being requested for the project including a summary of the estimated cost of the land and costs incidental to acquisition.

(8) A discussion of how acquisition of the rights-of-way and subsequent development embodies the selection criteria outlined in § 64.8.

(d) *Preapplication*. (1) Projects sponsored by State, local, or Federal applicants shall be submitted to the appropriate Bureau of Outdoor Recreation Regional Office.

(2) Projects will be considered for funding on a quarterly basis until available funds have been obligated to approved projects. The first project submission quarter will begin with the first of the fiscal year. Funds not utilized in one quarter will be available for the next. Once all funds have been obligated, projects will not be accepted until additional appropriations become available.

### § 64.7 Project selection and funding procedures.

(a) The Bureau of Outdoor Recreation Regional Office will review all preapplications and Federal proposals to insure application completeness and eligibility. A copy of eligible preapplications or Federal proposals and supporting information and data will be submitted to the Washington Office of BOR for final review and selection. An information copy of each

project preapplication and proposal will be submitted to the State Liaison Officer designated to coordinate Land and Water Conservation Fund activities.

(b) The Washington Office of the Bureau of Outdoor Recreation will evaluate all projects submitted by the Regional Offices. Final selection of projects to be funded shall be by the Director of the Bureau of Outdoor Recreation.

(c) State and local projects selected for funding will be approved and funds obligated by the appropriate Regional Director. Funds will not be obligated until the Bureau has met with the applicant to discuss the terms, conditions, and procedures required by the grant.

(d) Federal agency sponsored projects will be funded by transfer of funds from the Bureau of Outdoor Recreation to the sponsoring agency up to the amount of the project cost as shown in the agency's approved application.

### § 64.8 Project selection criteria.

Those projects which best meet the following criteria will be selected to receive assistance:

(a) Projects which have cleared abandonment procedures and for which sufficient control and tenure of land can be assured, in order that the project can be accomplished shortly after project approval.

(b) Projects which are located or originate in Standard Metropolitan Statistical Areas.

(c) The degree to which the project results in a facility which demonstrates maximum beneficial public use of the property acquired. (For example, the diversity of recreation/conservation opportunities provided.)

(d) The ease of accessibility to large numbers of potential users.

(e) The effectiveness of the project in enhancing existing Federal, State, or local recreation/conservation resources. (For example, the ability of the project to tie together existing recreation/conservation resources.)

(f) Whether use of the right-of-way for recreation/conservation purposes

has been identified in existing State, Federal, or local plans.

(g) The degree to which the project advances new ideas in recreation/conservation use and promotes non-motorized forms of transportation such as commuting by bicycle.

(h) The recreation/conservation potential of the environment traversed by the right-of-way.

(i) The energy conservation potential of using the right-of-way for recreation and/or commuting.

(j) The urgency of the acquisition as reflected by the plans of the owner of record to sell the property to persons other than the project sponsor.

(k) The degree to which Federal, State or local land use controls will protect the recreation and conservation values of the right-of-way from encroachment by conflicting uses of surrounding land.

(l) State and local projects involving the development of abandoned railroad rights-of-way which do not include the acquisition of the rights-of-way will be given lower funding priority than projects involving both acquisition and development.

### § 64.9 Project costs (State and local projects).

To be eligible, acquisition and development costs must be incurred after the date of project approval and during the project period. The project period will be indicated in the project application. Waivers will be granted to proceed with the acquisition prior to project approval if the applicant can show there is a need for immediate action. Development costs are first incurred at the start of actual physical work on the project site. Acquisition costs are incurred on the date when the applicant makes full payment or accepts the deed or other appropriate conveyance. Project-related planning costs outlined in § 64.9(a)(3), may be incurred prior to project approval. The date from which they were incurred must be indicated in the project application.

(a) The types of project costs that are eligible for funding under this program are:
